Representatives from Fox Lake, Manyaska, and Frasier Township were on hand to talk about the fire agreement with Welcome. After discussion, it was agreed to once again request financial information from Welcome. No action will be taken on any agreements until this information is received. The possibility of continuing the current standby fee structure with Welcome and setting up a separate “reserve” fund between the 4 townships was discussed. It was felt this may be a better and simpler plan. It would also allow additional flexibility for the townships.

Don, Rich, and Wes left the meeting.

David moved, seconded by Brian, to assess the unpaid fire call of \$852.50 for Dwight and Crystal Anderson on their taxes. Motion carried. Brian will follow up on this with United Township Fire.

The United Township Fire Assn meeting was reviewed. The major action was to set up a standing committee to access trucks, plan a replacement timetable, and spec out vehicles. This committee will consist of members from the Assn, the City of Fairmont, and the Fire Dept.

There will be an informational meeting regarding ditches 36 and 29 next week.

The county sent the results of their bridge inspection. A delineator is missing on L2440. Todd will replace this when he is able.

Gravel bids should be coming in the next month.
