Mike Shippee, township assessor was present and gave his report. He assessed sections 29-36 in 2016, thus completing all of the sections in the township. This is the last year the township will need to hire an assessor as the county is taking over this project for 2017 and beyond. Ag land is down 8-10%, county assessments will need to reflect this. He asked about the board about various properties in sections 29, 31. And 32.

Dan may have a conflict with the January meeting date. All agreed it would be no problem to move the meeting to a different date, probably one week earlier.

A letter was received from the county asking if there are any changes to the township road mileage. No changes, so no response needed.

Daniel will do a sign survey to determine which signs may need attention next year.

Nothing has been done yet about the trees on Pierce Lake Road.

Brian will look at getting the culverts replaced in the next week.

Todd & Dan will stake the Right-of-way where necessary. The Tenhassen letter will be adjusted to fit Rolling Green Township and sent out to the affected landowners and operators.

A permit for work in the ROW will be looked at for approval to be started the 1<sup>st</sup> of January. The fee structure needs to be looked at.

Todd & Daniel will call when they would like help in putting the wing on the grader. They would like to do one final grading before it is installed.
