The ITC power line project is continuing with work begin on sections farther east.

Paul Hein approached the town board members at the town hall last Tuesday as the polls were near closing. Now that Krahmer has deepened the ditch alone 150<sup>th</sup> Ave, he would like to put a culvert under 150<sup>th</sup> Ave to improve the drainage in section 4. No objections were raised to him doing this.

David was reminded he could go ahead and cut whatever ditched need cutting. Todd & Daniel will get him a map with needed areas marked. Depending on how much needs to be done will determine if bills will be sent out to affected landowners.

Dan has some stakes made for marking the right-of-way. Problem areas need to be identified and marked before spring work begins,
